DROP-IT™

Quick Release Needle Holder

Benefits Offered

- Compatible with standard evacuated sample tubes.
- Innovative quick-release mechanism allows for the safe removal of contaminated sharps.
- Eliminates concern with needle overtightening.
- Can be used up to 100 times*.
- Contributes to significant cost savings over single-use disposable blood collection tube holders.
- Transparent holder body facilitates optical veni-puncture control. Holder body made from medical grade material.
