

SafeTouch[®] II

SAFETY FISTULA NEEDLE

Our newest needle length: 4/5 20mm.

Also, available only in Canada, the first 18g x 1 fistula needle. Ideal for new access or fragile fistulas. See back for more details.

Features and Benefits of SafeTouch II

- Built-in safety advantage: a permanent locking feature eliminates the worry of accidental needlesticks
- Needle retracts into the safety guard
- Textured wings provide a secure grip, making it easier to cannulate

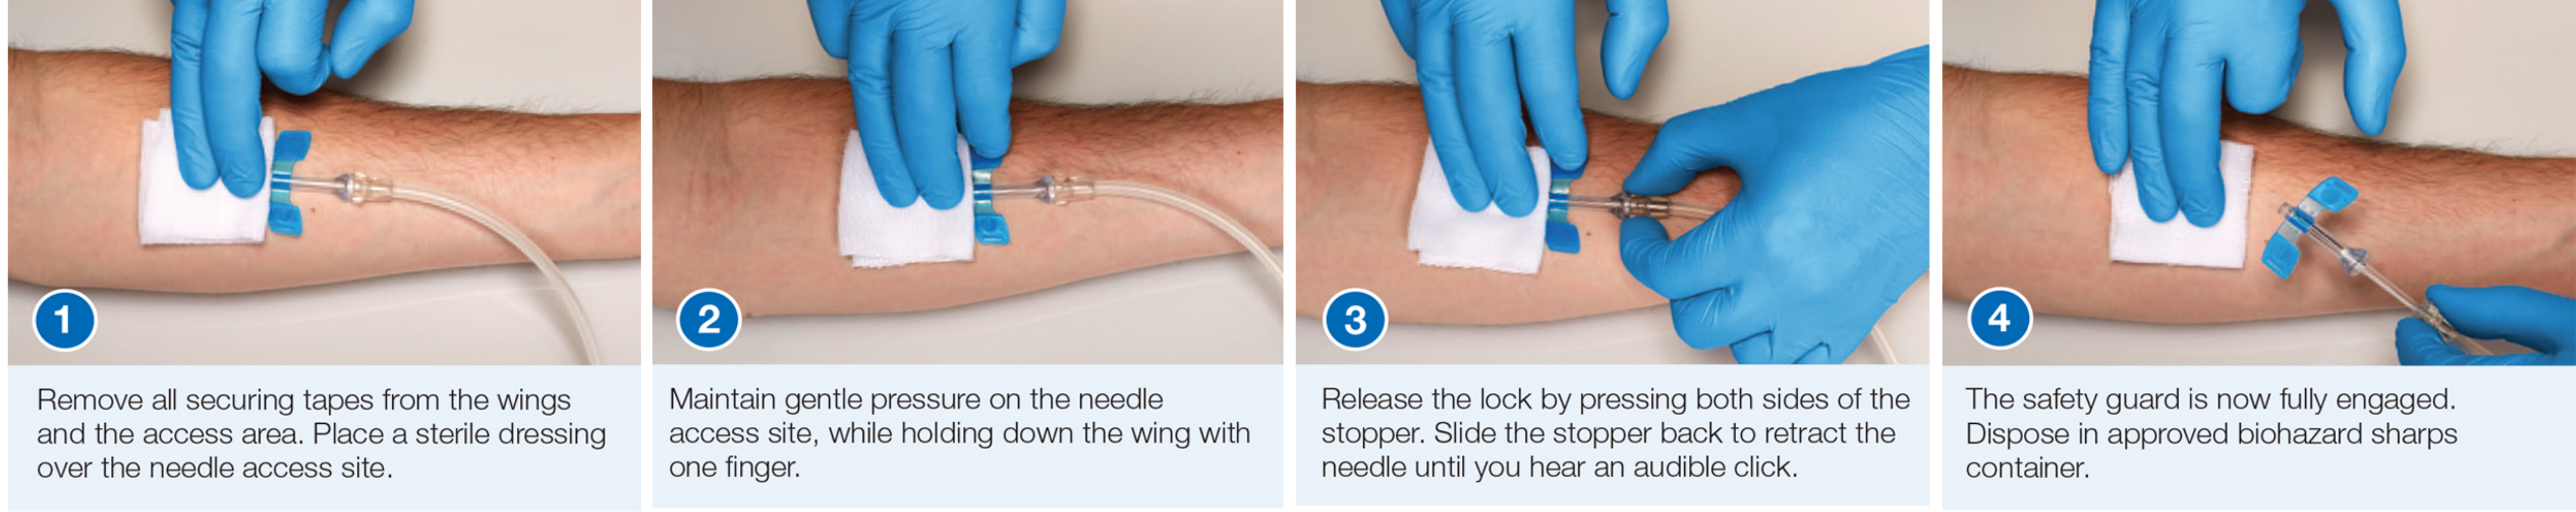

**NIPRO CONNECT[®]
PROGRAM**

Our commitment to strengthen every partnership.

All Nipro renal products are backed by the Nipro Connect Educational Program – offering clinicians product evaluations, in-services, continuing education units (CEU's) and instructional materials.
